

## Material Safety Data Sheet

LAMOUR NAIL PRODUCTS, INC.  
11401 Monarch St.  
Garden Grove, CA 92841 - USA  
Phone: (714) 373.2987 ■ Fax: (714)373.2988

Emergency Telephone Number: 1 – 800 – 535 – 5053 or (352) 323 – 3500

Product Name: Nail Glue

Flammability: Medium (2)      Health: Medium (2)      Reactivity: Medium (2)      Specific Hazard: Bonds Skin and Burning

### Section 2 – Hazardous Ingredients

Cyanoacrylate      CAS # 7085 – 85 – 0

### Section 3 – Physical Data

Appearance		Transparent
Boiling Point		365°F (185°C)
Evaporation Rate	< 1	
Odor		Irritating
Percent Volatile, by Volume	98%	
Solubility in Water		Polymerized
Specific Gravity		1.05
Vapor Density		> 1
Vapor Pressure		– 0.2mm @ 75°F (24°C)

### Section 4 – Fire and Explosion Data

Extinguishing Media	Water, Dry Chemical, Foam, or Carbon Dioxide
Flash Point	185°F (85°C)
Special Fire Fighting Procedures	Goggles and Air Supply
Unusual Fire and Explosion Hazards	A possible exothermic reaction that may cause ignition and fumes.

### Section 5 – Health Hazard Data

Threshold Limit Value      Not Established; Estimated @ 2ppm

### Effects of Overexposure

Vapor is irritating to eyes and mucous membranes. Long and overexposure may have allergenic reactions in sensitive individuals.

### Emergency and First Aid Procedures

**Skin** – Soak in warm soapy water or acetone if needed and carefully peel or roll skin apart – do not pull.  
**Eye(s)** – Gently hold eyelid open and flush with water for 15 minutes. Apply cause patch and eyes will open in 1 – 4 days if stuck together.  
**Burns** – Treat normally after Cyanoacrylate is gone from tissue.  
**Inhalation** – Allow suitable ventilation for fresh air.  
**Mouth** – Carefully peel or roll lips apart and drink large quantities of water.

### Section 6 – Reactivity Data

Hazardous Decomposition Products	None
Hazardous Polymerization	May Occur – Exothermic
Incompatibility	Water, Alcohol, and Sunlight
Stability	Stable – Under Normal Conditions

### Section 7 – Spill or Leak Procedures

Flood with water to polymerize, soak up with absorbent material, and dispose in accordance with regulations.

### Section 8 – Special Protection Information

**Skin Protection** – Protective Clothing and Chemical Gloves  
**Eye(s) Protection** – Safety Glasses  
**Respiratory Protection** – Not necessary for normal use.  
**Ventilation Protection** – Handle in the presence of adequate ventilation and avoid breathing vapor.

### Section 9 – Special Precautions

**Handling and Storage** – Keep container closed and store in a well ventilated place between 50°F (10°C) and 72°F (22°C).  
**Precautions** – Avoid breathing vapors and contact with skin and eyes.

The data contained within this Material Safety Data Sheet are furnished for information only and are believed to be reliable at the time of issue. It is the responsibility of the customer to determine the product suitability for use. STN INTERNATIONAL accepts no liability arising out of the use of this information or the product described herein.
